Awakening The GIANT In You!

WE ALL HAVE GIANT WITHIN US!

"Deep within man dwell those slumbering powers that would astonish him, that he never dream possessing; forces that would revolutionize his life if aroused and put into action."

Orison Swett Marden

Therefore, we all are capable of achieving greatness. But, that greatness must first be unlocked.

365 Powerful Inspirations

This Awakening The GIANT In You! book contains 365 highly powerful inspirational and motivational words of wisdom.

Words of wisdom are great advice from the greats of past and present.

Words of wisdom have the power to boost one's self-confidence, thinking skills and motivation.

The 365 words of wisdoms within this book are set to help awaken the slumbering GIANT within you!

THE POWER WITHIN YOU

1. Deep within man dwell these slumbering powers; powers that would astonish him, that he never dreamed of possessing; forces that would revolutionize his life if aroused and put into action."

Orison Swett Marden, 1848 - 1924

2. Why live an ordinary life, when you can live an extraordinary one.

Anthony Robbins

3. A rose only becomes beautiful and blesses others when it opens up and blooms. Its greatest tragedy is to stay in a tight-closed bud, never fulfilling its potential.

Anonymous

4. Even though conditions such as lack of sleep, insufficient food and various mental stresses may suggest that the inmates were bound to react in certain ways, in the final analysis it becomes clear that the sort of person the prisoner became was the result of an inner decision and not the result of camp influences alone. Fundamentally, therefore, any man can, even under such circumstances, decide what shall become of him – mentally and spiritually. He may retain his human dignity even in a concentration camp. Attitude and personality are as important as experienced and ability. Choose wisely.

Brian Tracy

5. Everything can be taken from a man but one thing; the last of the human freedoms – to choose one's attitude in any given set of circumstances, to choose one's own way.

Victor E. Frankl

6. Do not dilute the truth of your potential. We often convince ourselves that we cannot change, that we cannot overcome the circumstances of our lives. That is simply not true. You have been blessed with immeasurable power to make positive changes in your life. But you can't just wish it, you can't just hope it, you can't just want it... you have to LIVE it, BE it, DO it.

Steve Maraboli

7. The potential of the average person is like a huge ocean unsailed, a new continent unexplored, a world of possibilities waiting to be released and channeled toward some great good.

Brian Tracy

8. Ineffective people live day after day with unused potential.

Stephen R. Covey

9. Everything has beauty, but not everyone sees it.

Confucius

10. You've been given the innate power to shape your life.

Steve Maraboli
